April 22, 1996

TO: Minerals File

FROM: Tony Gallegos, Reclamation Engineer *aa.g*

RE: Site Inspection, Ridge Rock Mine, S/047/033, Uintah County, Utah

Date of Inspection: April 11, 1996
Time of Inspection: 1525
Conditions: Mostly cloudy, cool
Participants: Tony Gallegos, DOGM

Purpose of Inspection: To evaluate the reclamation status of the site

A brief inspection was made of this area while in the vicinity. The BLM is waiting for some reseeding of the level area before they grant final release.

Photographs were taken of the project area. The photo of the flat area, as referred to in BLM correspondence, includes a post with flagging. That post, marks the border of the BLM property boundary.

The Division recommends release of the site and closure of our file if the BLM deems the reclamation and revegetation is adequate.

COMMENTS: 1990 - BLM determined plan null and void. 20 acres were disturbed, 12 acres have been regraded but not seeded. BLM pleased with contouring done. BLM to inspect site in the spring of 1990. Reclamation of this site being done in good standing with the BLM as of inspection in August 1990. ANNUAL REPORT RTN'D VEGETATION GROWING AS A RESULT OF NATURAL INVASION, NOT SEEDING. LEVEL AREA NEEDS RESEEDED BEFORE RECLAMATION RELEASE GRANTED. SITE INSPECT 4/96 STATES DOGM RECOMMENDS RELEASE OF SITE & FILE CLOSURE. BLM NEEDS TO CLOSE FIRST.
